Who are we?

Voice is an online magazine aimed at 16-25 year olds who love arts and culture. We are a team of editors and media creators who train young commentators.

Voice in numbers

As of January 2025, there are 9000+ registered users on Voice Magazine, with 26,000+ visits each month on average. Up until now, we have created 11,900+ pieces of content including 3200+ blogs, 4100+ reviews, 1500+ interviews and 160+ how to guides.

Our audience

Our audience is made up of young creatives, arts/media/culture institutions, and fellow industry charities. During busy periods such as festival season, we see a rise in new visitors with specific interests in theatre, comedy and performance. We regularly run Google Ads Campaigns to tie in with particular interests and draw a more specifically focused readership. We can discuss appropriate times of year for specific art forms or ads, depending on the audience you're looking for.

Ad Opportunities

Our ads are either full width banners, which sit on the footer of every page (including the homepage) or sidebar ads which will sit on article pages. VAT is not added to the prices.

We offer deals for Arts Award Supporter organisations and registered charities across all of our ad packages. We can tailor a package to your needs and provide individual rates.

Our ads work best when also supported by interviews, events, opportunities or features on the magazine, which we can also promote via social media and our newsletter for you.
